# Abstract Requirements for Poster or Oral Presentation at the 10ᵗʰ Undiagnosed Diseases Network International Conference

## Torino, Italy, 31 January-1st February 2022

**<u>Categories:</u>** Please note there are various opportunities for presentation. Due to the largely virtual/on-line delivery of the conference, final formatting details will be shared in mid-January and the posters available to view throughout the conference. Oral presentations occur on both days.

Submissions for oral or poster presentations are encouraged, but not limited to, the categories below:

- Alternative Omics Diagnostics
- Genome Engineering
- Therapeutics
- Novel Funding Models
- Emerging Science
- Data sharing
- Solved cases
- Functional models
- Therapeutic models
- Unsolved cases

**<u>Abstract Limits:</u>** 400 words; 6 slides if selected for oral presentation.

**Talks will be about 6 minutes, depending upon how many will be presented.**

**<u>Deadlines:</u>**

| | |
|---|---|
| Abstract Submission | December 31ˢᵗ, 2021 |
| Announcement of Accepted Abstracts | January 10ᵗʰ, 2022 |
